(c) Conditions and Expected Effective Date of the Capital Reorganisation

The Capital Reorganisation is conditional upon the following conditions:

- (i) the passing of the necessary ordinary and special resolutions (as the case may be) by the Shareholders to approve the Capital Reorganisation at the AGM;
- (ii) compliance with section 46(2) of the Companies Act, including (i) the publication of a notice of the Capital Reduction in an appointed newspaper in Bermuda on a date not more than 30 days and not less than 15 days before the date on which the Capital Reduction is to take effect and (ii) that on the date on which the Capital Reduction is to be effected, there are no reasonable grounds for believing that the Company is, or after the Capital Reduction would be, unable to pay its liabilities as they become due;
- (iii) the Listing Committee of the Stock Exchange granting the listing of, and permission to deal in, the New Shares arising from the Capital Reorganisation and the New Shares which may fall to be allotted and issued upon the exercise of the Share Options to be granted under the Share Option Scheme; and
- (iv) the compliance with the relevant procedures and requirements under the Companies Act (where applicable) and the Listing Rules to effect the Capital Reorganisation.

As at the date of this announcement, none of the conditions above had been fulfilled.

Subject to the fulfilment of the above conditions, the Capital Reorganisation will become effective on Monday, 28 June 2021, which is one clear business day immediately after the date of AGM on which the Shares are traded on the Stock Exchange.

PROPOSED CHANGE IN BOARD LOT SIZE

The Board proposes to change the board lot size for trading in Shares on the Stock Exchange from 3,000 Existing Shares to 1,000 New Shares conditional upon the Capital Reorganisation becoming effective. Based on the closing price of HK\$0.047 per Existing Share (equivalent to theoretical closing price of HK\$2.82 per New Share) as at the Latest Practicable Date, the value of each original board lot of the Existing Shares is HK\$141 and the theoretical market value of each new board lot of the New Shares, assuming the Capital Reorganisation had become effective, would be HK\$2,820.

REASONS FOR AND BENEFITS OF THE CAPITAL REORGANISATION AND CHANGE IN BOARD LOT SIZE

For the past six months, the average closing price of the Existing Shares of the date of this announcement was HK\$0.047 (equivalent to the theoretical closing price of HK\$2.82 per New Share), the estimated market value per board lot of 1,000 New Shares would be HK\$2,820 assuming the Capital Reorganisation and the Change in Board Lot Size have been effective.

The “Guide on Trading Arrangements for Selected Types of Corporate Actions” issued by the Hong Kong Exchanges and Clearing Limited on 28 November 2008 and updated on 1 October 2020 has stated that (i) market price of the shares at a level less than HK\$0.10 will be considered as trading at extremity as referred to under Rule 13.64 of the Listing Rules; and (ii) taking into account the minimum transaction costs for a securities trade, the expected board lot value should be greater than HK\$2,000. In view of the recent trading price of the Existing Shares at a level under HK\$0.10 and the board lot value being less than HK\$2,000 each, the Directors consider that the proposed Share Consolidation will increase the board lot value of the Existing Shares so as to enable the Company to comply with the trading requirements under the Listing Rules.

The Existing Shares of the Company have been trading at a low price of HK\$0.047 each recently. Immediately after completion of the Share Consolidation but before implementation of the Capital Reduction, the par value of the Consolidated Shares will be HK\$0.60 per Consolidated Share. Under the Companies Act and pursuant to the Bye-laws, the Company shall not issue any shares at a price below par value. The Capital Reduction will keep the par value of the New Shares at a lower level of HK\$0.01 per New Share, which allows greater flexibility in the pricing for any issue of further new Shares in the future when necessary (including new Shares issuable under the Share Option Scheme). Also, the crediting to the Contributed Surplus could be used for the payment of dividends according to the dividend policy of the Company which is permitted by the Companies Act and the Bye-laws. Please refer to the annual report of the Company for the year ended 31 December 2020 for details of the dividend policy of the Company.

It is expected that the Capital Reorganisation and the Change in Board Lot Size would bring about a corresponding upward adjustment in the trading price per board lot of the Shares on the Stock Exchange. The Board noted that companies listed on the Stock Exchange with share price above HK\$1.00 result in a larger trading volume as compared to that of share price under HK\$1.00 and would improve the liquidity of the shares. Also, a majority of companies listed on the Stock Exchange recording a market capitalisation equal to or above HK\$1 billion also has a share price above HK\$1.00. Therefore, the Board believes that investors tend to concentrate on stocks that have a larger market capitalisation and share price of such companies are usually positively correlated. With a higher trading price of the New Shares and reduction in the transaction and handling costs as a proportion of the

market value of each board lot, and maintaining a share price above HK\$1.00, the Board is of the view that it will enhance the corporate image of the Company and make investing in the shares more attractive to a broader range of investors, in particular to institutional investors, which ultimately will, broaden and optimise the shareholder base of the Company. In addition, the Change in Board Lot Size will result in New Shares being traded in a more reasonable board lot size and value, possibly attracting more investors and extending the shareholder base.

The Board has also considered to minimise the creation of odd lots arising from new board lot size of New Shares by selecting (i) the consolidation basis of 60 Existing Shares into one New Share which is an integral divisor of the original board lot size of 3,000; and (ii) the new board lot size of 1,000 which is also an integral divisor of the original board lot size of 3,000. It will also yield the benefit of reducing the number of odd lot shares created per new board lot compared to the other board lot size options while maintaining the goals of the Capital Reorganisation as mentioned above. In view of the above reasons, the Company considers the proposed Capital Reorganisation and the Change in Board Lot Size are justifiable notwithstanding the potential costs and impact arising from the creation of odd lots to Shareholders. Accordingly, the Board is of the view that the Capital Reorganisation and the Change in Board Lot Size are beneficial to and in the interests of the Company and the Shareholders as a whole.

The Company has no plans for any fundraising activity in the coming 12 months. However, the Company cannot rule out the possibility of conducting debt and/or equity fundraising exercises when required by its operations and business development in the future, relief of liabilities and/or suitable fundraising opportunities arise. As at the date of this announcement, the Directors further confirm that there is no intention to carry out other corporate action or arrangement in the next 12 months which may have an effect of undermining or negating the intended purpose of the Capital Reorganisation and the Change in Board Lot Size. Further announcement(s) will be made by the Company if it proposes to issue any new Shares in the future in accordance with the Listing Rules.

EFFECTS OF THE CAPITAL REORGANISATION AND STATUS OF THE NEW SHARES

As at the date of this announcement, the authorised share capital of the Company is HK\$600,000,000 divided into 60,000,000,000 shares of par value of HK\$0.01 each, of which 27,048,844,786 Existing Shares have been issued.

Upon the Capital Reorganisation becoming effective and assuming that no new Existing Shares are issued or repurchased from the date of this announcement until the effective date of the Capital Reorganisation, the authorised share capital of the Company will be HK\$10,000,000 divided into 1,000,000,000 New Shares, of which 450,814,079 New Shares will be in issue.

The aggregate nominal value of issued share capital of the Company will be HK\$4,508,140.79 (assuming that there is no change in the issued share capital of the Company from the date of this announcement up to the effective date of the Capital Reorganisation).

Shareholders and potential investors of the Company should note that the credits arising in the books from the Capital Reorganisation will be subject to change depending on the number of Existing Shares in issue immediately prior to the Capital Reorganisation becoming effective.

Upon the Capital Reorganisation becoming effective, the New Shares shall rank *pari passu* in all respects with each other. The Capital Reorganisation will not result in any change in the relative rights of the Shareholders.

Other than the expenses to be incurred by the Company in relation to the Capital Reorganisation, the implementation thereof will not, by itself, affect the underlying assets, business operations, management or financial position of the group or the proportionate interests or rights of the Shareholders as a whole, save for any fractional New Share which may arise.

Assuming there will be no change in the issued share capital of the Company from the date of this announcement up to the date on which the Capital Reorganisation becomes effective, the share capital structure of the Company will be as follows:

	As at the date of this announcement	Immediately after the Share Consolidation becoming effective	Immediately after the Share Consolidation and Capital Reduction becoming effective
Authorised share capital	HK\$600,000,000	HK\$600,000,000	HK\$10,000,000
Par value per Share	HK\$0.01 per Existing Shares	HK\$0.60 per Consolidated Shares	HK\$0.01 per New Share
Number of authorised Shares	60,000,000,000 Existing Shares	1,000,000,000 Consolidated Shares	1,000,000,000 New Shares

Number of issued Shares	27,048,844,786 Existing Shares	450,814,079 Consolidated Shares	450,814,079 New Shares

Subject to the passing of the ordinary resolutions to approve the Issue Mandate and the Repurchase Mandate at the AGM and on the basis that no further Shares are issued or repurchased between the date of this announcement and the date of the AGM, the Company would be allowed to issue up to a maximum of 90,162,815 new Shares under the Issue Mandate and to repurchase up to a maximum of 45,081,407 Shares under the Repurchase Mandate.

LISTING APPLICATION

An application will be made by the Company to the Listing Committee of the Stock Exchange for the listing of, and the permission to deal in, the New Shares to be in issue upon the Capital Reorganisation becoming effective and any New Shares which may fall to be issued after the Capital Reorganisation becoming effective upon the exercise of the Share Options to be granted under the Share Option Scheme.
